The Appalachian Regional Commission (ARC) will soon be preparing its Annual Status Report of the Appalachian Development Highway System (ADHS) and its Local Access Road (LAR) Projects Report. The reports will cover the period from October 1, 2016 to September 30, 2017 (FY 2017). We request that you contact your State Departments of Transportation (DOT), as you have in previous years, and work with them to complete the ADHS and LAR update for your State by October 25, 2017.

The State DOT should use the status update function on the ADHS web portal – www.eadhs.org. Instructions are provided on the portal as well. State DOT and Division personnel should contact Brad Cains of the Rahall Transportation Institute (RTI) at cainsb@nrati.org with any technical questions. The status report in the ADHS web based system at RTI should be completed by October 25, 2017. Please notify us when your State DOT has completed the ADHS update.

The LAR projects update will use the attached Excel spreadsheets for those States with LAR projects. We request that the following State DOTs: Alabama, Georgia, Maryland, Mississippi, North Carolina, Ohio, Pennsylvania, Tennessee, South Carolina, and Virginia, review and update the status of their LAR projects as of September 30, 2017. Please ensure that the ARC project number is entered into the spreadsheet. The LAR updates are due to Mr. Everett Matias at everett.matias@dot.gov and Mr. Jason Wang at jwang@arc.gov by October 25, 2017.

Also, please notify us of any ADHS coordinator changes for the Division or the State DOT.

If you have any questions, please contact Everett Matias at 202-366-6454 or everett.matias@dot.gov.
